

The
LEGEND 2

MORE POWERFUL – LIGHTER – SMARTER

With smarter software, enhanced power, and unmatched precision, The LEGEND 2 sets a new standard in simultaneous multi-frequency detection.

An expanded 99 Target IDs, improved audio clarity with 7 tone options, and a redesigned user interface and button layout give you faster, sharper control in every hunt. The LEGEND 2 also introduces a brand-new Relic mode, built to tackle the toughest conditions with ease.

Lighter and more ergonomic with an adjustable armrest and fold-flat coil, it's made for comfort on long hunts. The upgraded battery provides up to 33% more runtime, while wireless update capability and compatibility with low-latency Bluetooth, and bone-conduction headphones keep you ready for the future. Submersible up to 5 meters (16 ft), it's as rugged as it is advanced.

From coins and relics to jewelry and small nuggets in mineralized gold fields, The LEGEND 2 delivers power, precision, and reliability—without compromise.

Advanced Discrimination Settings

All Metal, Ferrous Off, Ground Effect Off, Custom (Notch Discrimination)

Frequency Shift & Noise Cancellation

Get rid of EMI easily.

Recovery Speed Setting

Enables you to detect smaller targets among trash by adjusting the speed of target response.

99 Target IDs & Harmonic Tones

Accurate Target IDs and harmonic tones with adjustable frequencies allow you to identify targets easily.

Adjustable Threshold

Lets you set the threshold level and frequency in every mode.

15 Custom User Profiles

Every search mode includes a factory default and three user profiles, offering up to 15 customizable profiles to match your detecting style.

Easy Operation

Saves valuable detecting time and makes the device suitable for novice as well as experienced detectorists.

Vibration

The LEGEND 2 will vibrate upon detection of target! Ideal for the hearing impaired users as well as for detection underwater.

Backlit LCD & LED Flashlight

An awesome feature for those night hunts!

Lightweight

(1.2kg / 2.6lbs) Well balanced - Enjoy detecting for extended hours without fatigue.

Long Battery Life

6700 mAh increasing your runtime by up to 33%.

Wireless Firmware Update

Enjoy both wired and wireless firmware updates — right from your phone or laptop.

Effortless Pinpoint

No more button holding — Target IDs now visible in Pinpoint Mode!

Larger Screen

With a larger display, information is easier to read.
